Do any of the following other factors including sea state, Physical Fitness (including medical conditions) of sailors, tide times & strength, daylight hours, visibility, shore support etc increase the calculated risk level? If yes, detail reviewed risk level and reason below.

Notes on high risk management: Any medium to high risk areas identified will need to be supported by evidence and risk mitigation outlined in box below:

I have read & agree to abide by the RYA Safety Guidance notes and venue operating procedures.

I fully understand that I am responsible for the safety of my group at all times.

I have completed this risk assessment and agree that it is as accurate as reasonably practicable.
